

Archbishop Stepinac High School

>> Stewardship Report

At Archbishop Stepinac High School, our mission is to educate young men to discover and pursue their passions, serve others, and lead a life of purpose.

To fulfill this mission, Stepinac relies on the generosity of our alumni, parents, and friends to support the school's immediate needs and to provide for the future.

In the Archbishop Stepinac High School community, we ask for gifts to The Fund for Stepinac, support for capital projects that enhance our school's facilities, One Day of Giving, and participation in many events that strengthen the community while sustaining the depth and range of our student population with financial assistance.

This report acknowledges the results from our 2022 fiscal year, along with the cumulative results from our ongoing 75th anniversary campaign, *Transforming Our Future Together*. Thank you so much for all you do for Stepinac.

Fr. Thomas Collins

5. 1981	5. 1979

"Stepinac has given my son much more than a great education. Stepinac has given him an avenue for self-reflection for his personal and spiritual development as well."

LIZ S.

Parent, Class of 2023

Impact

Classroom Transformation:

Already, we have transformed nine classrooms on the first floor into Active Learning Centers based on the model at Columbia University and into a STEAM Center. This makes our students globally competitive at the graduate and undergraduate level.

Increased Endowment:

Thanks to our generous benefactors, our endowment continues to grow each year. Funds from the endowment are used to aid students in paying for their education through scholarships and financial aid.

Professional Development:

Recently, renowned speakers and innovators in education, Tony Wagner and George Couros, spoke to members of our faculty and staff to teach them new techniques in engaging students in the classroom.

"The generosity of our benefactors supports not only myself, but my fellow co-workers in educating the next generation of world leaders. Without your support, we would not be able to do what we do."

CHARLOTTE NEWMAN
Science Department

51% of current parents donated
\$308,544 to Stepinac in FY22.

Over \$110,000

has been given to the Omega Fund, Stepinac's Legacy Society, over the last three years.
