**ARCHBISHOP STEPINAC HIGH SCHOOL**  
**SCHOOL COMMUNICATIONS PLAN**

**At Stepinac, we believe that clear and consistent communication is more than sharing information, it's a way to strengthen our shared commitment to faith, integrity, and community.** Guided by our Catholic mission, we aim to keep every member of the Stepinac family—students, parents, faculty, staff, alumni, and supporters—informed, connected, and engaged as they walk their pathway through our school.

## Our communication plan serves as a roadmap for how we share our mission, vision, and goals.

It outlines the pathways through which important news, updates, and events are communicated, ensuring that messages are timely, accurate, and easy to access. By fostering open and transparent communication, we build trust, unity, and a stronger sense of community, reflecting the values of respect and service that define a Stepinac education.

We've designed this plan with families in mind. By identifying the most effective ways to communicate and the channels that work best, we make sure information is easy to find, understand, and act on.

Together, through open communication and shared purpose, we continue to live out Stepinac's mission, guiding young men along a pathway of faith, character, and leadership.

**Stepinac’s communications reach a vibrant network of people, all connected by a shared pathway rooted in faith, learning, and community. Each audience brings its own perspective and plays an important role in the life of our school.** By understanding who we’re speaking to and what matters most to them, we can share messages that strengthen relationships, reflect our mission, and support our goals as a community.

By identifying our key audiences, we can build clear and intentional communication pathways that help information flow easily throughout the Stepinac community, strengthening engagement, alignment, and trust both within and beyond our school.

## Internal and External Audiences

### Internal Pathways

Internal communication keeps our students, faculty, staff, administration, and Board of Trustees informed and connected. These pathways focus on clarity, collaboration, and consistency, helping every member of the Stepinac community understand priorities, celebrate successes, and contribute to our shared mission.

### External Pathways

External communication extends Stepinac’s story beyond the school walls, reaching families, alumni, donors, community partners, and the media. These pathways share our achievements and values, build relationships, and strengthen the school’s presence in the wider community.

# Stepinac's Pathway to Communication

Stepinac's Pathway to Communication is designed to make it easy for families, students, and staff to stay connected. Here you'll find clear information about how we share news, updates, and important messages across our community.

# Academic & Special Programs

Learning at Stepinac goes far beyond the classroom. From rigorous academics to arts, STEAM, and service initiatives, we provide pathways for students, families, and the community to engage with programs that challenge, inspire, and prepare young men for success.

## ACADEMIC & SPECIAL PROGRAMS

“

Stepinac offers so many *opportunities to learn and grow*. Teachers communicate clearly and are always there to help.

# Admissions

The Admissions team guides prospective families along every step of the pathway, from open houses and campus tours to the application process offering guidance, answers, and a true sense of what life at Stepinac is like.

These communications help families see why Stepinac is a place where students grow, thrive, and belong.

## ADMISSIONS

When I applied to Stepinac, the admissions team *made the process simple* and welcoming. They answered every question with care.
